FOR BURNING
KEROSENE OR COAL OIL
IN WIND LAMPS

FLUID LAMPS.
PATENTED MARCH 24, 1863.

ARTICLE WHICH, ON ACCOUNT OF ITS UTILITY, SIM-
economy, has been very properly termed "the best thing
vested," by the simple location of which to any domestic, farm
Kerosene or Coal Oil, without smoke or smell, while more
from a given quantity of Oil than with any other burner.
These burners applied to any fluid lamp it may be moved rap-
edly carried out of doors, without the light being extinguished.

WHILE THEY SAY OF IT.

SYNCRON.—One of the best, and at the same time, most simple for burning Kerosene Oil in common fuel-lamp. It is so simple you can apply it, it will burn Kerosene Oil in any fuel-lamp, and it is the only one of the kind. It is one of the bestest things that you ever notice, and is destined to become very popular with all who burn the oil perfectly, with no smoke, and will save many a few cents, and for portable or high lamps it appears to be the best.

Syn-cro-ni- (Syracuse Scientific and Union.

[From The Scientific American.]

is applied to the metallic burner, to the tube of the Lamp; the slipper moved over this, and can be easily adjusted to any fluid or gas, and will burn in it as readily as in kerosene. The slipper is allowed to project above the top of the tube, a distance of one-half inch, or about 3-16 of an inch; and the wings, coming in contact with the fluid, so as to allow the fluid to rise into the tube. These lamps are very convenient for household use, as they can be carried in the hand in draughts or currents of air, and are not liable to be extinguished.

It is a valuable invention, and effects the purpose in the simplest possible manner. These burners are counting into universal use. — Rochester Advertiser.

Simple contrivance, and entirely effectual, and has a rapid sale. — Express.

SEPARATOR
PATENTED MARCH, 1860.
To which was awarded
The Grand Medal of Honor
At the United States Fair, 1860.

THIS SEPARATOR WAS FIRST INVENTED AND
brought into the U. S. It is an improvement on
what was formerly known as the "Fitts' Patent Separator."
We have now over five hundred of them in use, and
wherever introduced they have met with all kinds of success.
They have taken the premium at nearly all the fairs
where exhibited.

J. D. BONDURANT, Sole Agent,
Louisville, Ky.

I have room to give but a few testimonials for the man-
facturing letters received by me, from the great number
that have purchased. Send for a circular.

Mr. J. D. Bondurant: The eight-horse Steam Thrasher
and Cleaner bought of you, is fighting on all the farms
around here.

day, and am well pleased with my machine.

J. B. WOOLFOLK.

HENRY COOPER, Jr., June 27, 1891.

Mr. J. D. BOWEN, Louisville, Ky.:—Dear Sir:—I have
just received your new No. 1000 machine, and I am
pleased to find it performs well and gives satisfaction generally. Although
it is late when we get our Machine, we have threshed
(16,000 sixteen thousand bushels) without a break, except
one or two in the day. We threshed from 600 to
800 bushels per day, and have threshed 3 bushels per
minute. We have never had a grain break, and we
intended they will increase all others.

Grain dealers do not object to the manner in which
the machine cleans the grain, and it is better than
other machines.
